

Paper #	Title
UOB-IEASMA-101	Dubai Smart City Single Authentication System and Document Verification Service
UOB-IEASMA-102	Energy Analyses for a Steam Power Plant Operating under the Rankine Cycle
UOB-IEASMA-103	Influences of Effective Advertising on Consumer Behaviour in UAE
UOB-IEASMA-104	Numerical Investigation in Augmentation of Heat Transfer in A Rectangular Duct AL2 O3 and CUO Nanofluids
UOB-IEASMA-105	A CFD approach - investigating thermal performances in an SWH using arc shaped rib with Ga-Cu and Ga-CNT nanofluids
UOB-IEASMA-107	Arduino Based Health Monitoring System Simulation
UOB-IEASMA-108	Implementation of an Artificial Intelligence Algorithm for Computer Aided Detection of Cancer
UOB-IEASMA-120	Banking System Stability and Financial Crisis: The Case Study of Kurdistan
UOB-IEASMA-121	BCK / BCH Algebras with Semi-Mutually Disjoint Elements
UOB-IEASMA-123	Health Hazards in Arsenic Accumulation in Rice
UOB-IEASMA-125	Experimental Analysis of Machine Learning Classification Algorithms
UOB-IEASMA-126	Design of HVAC System for Electrical Room, SAUDI ARABIA
UOB-IEASMA-127	Optimization of cutting parameters in Turning of Silicon carbide reinforced 2024 T351 Aluminium Alloy
UOB-IEASMA-128	A Review on the Applications of Blockchain in The Oil & Gas Industry
UOB-IEASMA-129	Damage and Rehabilitation issues in Box Girder Bridges
UOB-IEASMA-130	The Effect of Using Sedimentary Soils (Valley Soil) on The Compressive Strength of Concrete
UOB-IEASMA-135	A Case study of Kangla Fort & Shree Shree Govindaji Temple at Imphal in the Ongoing Pandemic of COVID-19 from Tourism Perspective
UOB-IEASMA-136	Influence of CuO/DI water Nanofluid on Concentric Tube Shell Assisted Heat Pipe Heat Exchanger - An Experimental Inquisition
UOB-IEASMA-137	Augmentation of heat transfer in the rectangular duct using nanofluid by varying ribs surface
UOB-IEASMA-138	A Review of Security Risk Assessment Methodologies in Cloud Computing Environment
UOB-IEASMA-139	Toward a new approach for self-security adaptive reflected from user behaviour in mobile applications.
UOB-IEASMA-140	An overview of cybercrime assessment methods and mitigation strategies

UOB-IEASMA-145	Towards A New Cyber Security Risk Mitigation Framework for Public Online Transaction
UOB-IEASMA-146	DDoS attacks: Mitigation strategies and recommendations for Higher Education Institutions
UOB-IEASMA-147	An Outbound Channel based Wormhole Attack Detection Method using AODV Protocol
UOB-IEASMA-148	A Comparison between Modern Encryption Algorithms for Cloud Computing
UOB-IEASMA-149	Dirwazah: An Omani Content Marketing Website
UOB-IEASMA-150	Review on the influence of filler materials during welding high strength low alloy Armour steels
UOB-IEASMA-151	Augmented Reality Application for Newspapers
UOB-IEASMA-152	Microwaves as an Efficient Energy Source in Thermal Processing of Materials
UOB-IEASMA-153	A Comparative study on Biometric access control methods for Employee authentication management system
